

Albright Education Centre - Post 16

We are aware that some pupils may not be ready at the end of their school period to transition to a college or alternative provision placement. From September 2021, we are pleased to offer limited places in our Post 16 provision based at our site in Tipton. Pupils will have the opportunity to further develop their independence skills in order to successfully complete a vocational qualification that will equip them in their future challenges for either college, apprenticeship or employment.

Pupils will have a choice of one vocational area of study:

- Level 2 Health and Social Care
- Level 2 Hospitality

Health and Social Care - This is the course if you are considering a career in the Health and Social Care Sector. During the course, you will study units including Health & Social Care Services, Impact of Diet on Health and the different stages of child development.

Hospitality – This course is designed to inspire and enthuse you to consider a career in the hospitality industry. It supports progression to a more specialised level 2/3 vocational or academic hospitality and catering course and gives you the opportunity to gain a broad understanding and knowledge of the hospitality industry.

Also available to pupils is GCSE Maths and English Language resits (if a pupil does not hold a Grade 4), mentoring programmes, pastoral guidance, enrichment sessions and work placements.

Albright offers small class sizes, guidance and support whenever it is needed and the opportunity to be part of a unique and rewarding educational setting. We aim to nurture and develop all pupils' talents and skills whilst promoting independence and emotional resilience. Pupils enjoy increased responsibility for managing their time and there is greater flexibility in terms of the structure of their day.

A planned and personalised careers and guidance programme is offered to all pupils to successfully transition them onto their next chosen steps.

To apply to the Post 16 provision go to
