

Dear Parent(s) and Carer(s)

This week our year 11s and Post 16 pupils went to visit LD Training, affiliated with Leeds and Suffolk University. This was a fabulous opportunity to have a discussion with the lecturers and to sow the seeds for what our children could go on to achieve with a little bit of ambition and a little bit of support. They came away with huge bags of goodies too. It is great that so many of our pupils set their sights high and thank you to Mrs Long for organising. There are a few more college visits coming up over the next few months so please make the most of these opportunities to see what options there are out there!

We celebrated Christmas Jumper day this week too ... virtually every member of the school community were in festive attire to raise money for two incredible causes, the money raised will be split equally between, Save the Children and Birmingham Children's Hospital. I think you'll agree the teachers looked absolutely fabulous... not at all 'end of year frazzled'!!!

We have also had a fair few visitors in this week for various things: Head Teachers to see what a wonderful provision we offer, lots of mainstream school staff coming to visit their children and see how they're getting on, specialist schools to partake in teacher training alongside our staff, Connexions (careers) advisors for our pupils to talk to and of course Otis, our Therapy Dog... it is always so busy at Albright. Although the next two weeks will continue to be busy with all things festive... do make every effort to come in, you'll soon be having two weeks off to rest and recuperate!

Have a great weekend everyone, see you Monday!

Mrs Hazelwood
