

24th May 2024

Dear Parent(s) and Carer(s)

Hurrah - we have made it - this half-term has felt a real slog! Take this next week to relax, rest and recover ready for the final half-term.

Now that the weather is starting to get a bit warmer, it might be worth pupils bringing in refillable water bottles to ensure they can stay hydrated. We have some water machines at school, so they can get some lovely fresh, cool water and these bottles can be taken into lessons with them. Fizzy pop or energy drinks are not allowed so please do not send these in. Please label bottles if they are non-descript.

I wanted to include some lovely photos from our celebration assembly this week. Following on from our Sport focused day with West Bromwich Albion Foundation, we were able to finally present the amazing prizes that were awarded from that day. Miss Smith and Mr Milne arranged the event and the assembly and it was a real success. Not only was lots of money raised but prizes were awarded. Thank you for all the effort of staff and pupils.

After half-term, year 11s will continue with their exams - we are halfway through, well done and keep going! We have some really

lovely things coming up for the final half-term and we cannot wait to focus on things more enjoyable such as Proms, summer events and end of year award ceremonies!

Have a lovely holiday, see you on Monday 3rd June, bright and early and in correct uniform!

Mrs Hazelwood
