ALBRIGHT EDUCATION CENTRE

UPDATE – When calling the centre please listen to the new options as these have now been changed. We have found that lots of calls are going through to the wrong person due to the option being a different extension.

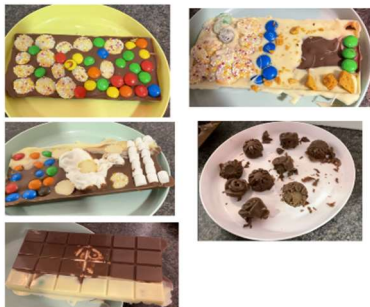

This week at Albright Plus...

Willow class have chosen to read Tom Palmer's 'Typhoon' as their class read and are enjoying learning about female pilots in World War One.

Oak class have been enjoying exploring their emotions through a collection of animal books. It was amazing to see the creatures in real life at Dudley Zoo.

Elm class have chosen 'Charlie and the Chocolate Factory' as their class reading book. They have been inspired to design and create their own marvellous chocolate bars. They tasted as good as they looked!

Welcome back!

A very warm welcome back to all of our students after the Christmas and New Year holidays! We hope you had a wonderful time, filled with joy, rest, and memorable moments with loved ones. As we step into the New Year, we are excited to see all of you back in school, ready to continue learning and growing together.

This term promises to be an exciting one, with plenty of new opportunities, challenges, and adventures awaiting. We look forward to seeing the enthusiasm and energy you bring into your classrooms, as we dive into new lessons and activities.

Let's make the most of this new beginning and continue to work hard, support one another, and make this term a successful one. Here's to a fantastic 2025!

Dudley Zoo Trip.

We are thrilled to share our reflections on the wonderful trip we took to the zoo earlier this week! It was an exciting and educational experience that brought learning to life outside the classroom. There are some lovely photos from the day on the next page.

Our students had the opportunity to see animals from all over the world, some of which they had only ever read about in books. From the majestic lions to the playful monkeys, and the fascinating reptiles, the zoo provided a hands-on learning experience that deepened our understanding of animal behaviour, habitats, and conservation efforts.

It wasn't just about animals, though! The trip also gave our students a chance to connect with each other, enjoy some outdoor exploration, and appreciate the importance of protecting wildlife and preserving the natural world.

I would like to extend our thanks to all the staff who made this trip possible.

Albright plus Gardening update...

This term we are starting our level 2 RHS gardening award. This week, we have made a start by planting garlic bulbs.

Dudley Zoo photos!
